

Reminders from Janet

We have noticed that some children are coming into school wearing jewellery. Please can you ensure that your child does not wear jewellery to school. This is for two reasons: Number one, for the safety of your child. Sometimes earrings, chains and rings can get caught on fittings and cause injuries. Number two, jewellery items are easily lost and children can get very upset. Thank you for your support in this matter.

There are still some parents/carers who are adding their child to the line once we have left the park in the morning. Please be reminded that for health and safety reasons, if your child is not in the line at the park, then you need to drop your child at the office and sign them in. Even if you are not considered as late, this is just to ensure that we have a record of your child entering the school. There are still four or five families that are continuing to drop off their child/ren at the main school door every morning and making no attempt whatsoever to get them to the park lines. Not only is this unsafe for your child and other children, it is giving a clear message to the children that is acceptable to break the school rules. Thank you all those parents/carers who continue to support our drop off and collection procedures.

EYFS visit to Mudchute Farm

Reception and Nursery pupils visited Mudchute Farm this week and we had a fantastic time! We saw lots of animals at the farm. Our favourite animals were the horses and the chickens.

KS2 Spring Concert Reminder

The KS2 Spring Concert (Year 3 – 6) will take place on Thursday 4th April at 2.15pm. The concert is called 'Through the Decades' – taking you back in time as we visit music and dance from the 1950s to the present day!

Additional hour of PE and Dance

As you may know, pupils in KS1 and KS2 have been taught 2 hours of PE per week since September. One hour being a core PE subject and the other is a Fitness class. The children are encouraged in these lessons to achieve their personal best, not to compete against one another. Our objective is for the pupils to develop practical skills to be able to lead a healthy lifestyle. The children have really been enjoying the Fitness classes which have included interval training, circuits and games designed to improve both physical and mental wellbeing.
