

9<sup>th</sup> October 2014

Dear parents/carers,

**Litter picking** – On behalf of everyone I should like to thank Anna and Elisabeth for organising the event on Sunday morning at Mile End Park. All the pupils have benefitted from the voluntary time spent by a small group of parents/carers, 2 members of staff and a Governor, tidying our play space. We all had a lovely time!

**Breakfast Club** – started on Monday morning and we are delighted that we have a small group of pupils sharing breakfast together.

**Eid parties** – were a great success and thank you to everyone for your generous contributions. Food that was not eaten has been donated to a local community charity.

**Parent/carer Governors** – please let me know by the end of Friday 10<sup>th</sup> October whether you would like to stand for election as a parent/carer Governor. The Local Governing Body makes an invaluable contribution to School improvement and the Governors are looking forward to working with 2 additional people.

**The playdeck** – unfortunately the building contractors have been let down re: the final carpeting layers that need to be fitted on the playdeck. We have had a meeting this week, at which we were promised that the work will be done on Friday. We are working on a plan and a timetable and resources are being ordered.

**Attendance** – is much improved, most pupils come to school every day and on time. This is an important routine that helps learning.

Yours faithfully,

**Amanda Phillips**  
Executive Principal
