

20<sup>th</sup> April 2015

Dear parents/carers,

**Governors' surgery**

At last week's Local Governing Body meeting, the Governors decided to hold their first surgery event. This will be held on:

- **Tuesday 28<sup>th</sup> April from 9.15am**

This is an opportunity for you to speak to a Governor, or a group of Governors, about anything you wish to.

**Suncare**

We have ordered a bottle of sunscreen 30SPF for each class to supplement the sunscreen that you can put on your child/ren in the morning before school. The bottles will arrive tomorrow. This is very expensive and we are requesting a £1 voluntary donation. Reception pupils are having a focussed activity this week to help them to learn how to apply the cream. If you do not wish us to assist with applying sunscreen, as we shall be touching your child/ren more than usual, please let the class teacher know.

Sun hats provide additional protection and you are requested to send a hat/cap into school on sunny days.

Yours faithfully,

**Amanda Phillips**  
Executive Principal
