

16th March 2020

Dear parent/carer

Solebay Primary is monitoring the situation with regards to the coronavirus carefully. We are following all government advice fully. The school remains open and we will act in accordance with any government guidance which is issued. Government advice is to stay at home for seven days if you have either a new, 'continuous' cough or a high temperature (37.8 degrees or higher).

We have been asked by some parents and carers this morning if there have been any confirmed cases of the virus in our school. There have been no confirmed cases.

We have been working with the children on how to wash their hands effectively using the government advice. Please see the link below:

<https://www.nhs.uk/live-well/healthy-body/best-way-to-wash-your-hands/>

Please keep up to date with the school information via our website, Facebook or Twitter. This is the way you can be fully aware of what advice the school is following. Due to the fast moving nature of the situation, it is very likely that further updates will, in the main, be shared via our electronic channels.

Thank you for your support in these worrying times.

Yours sincerely

**Janet Baker**  
Principal
