Solebay Primary Academy Nursery

For 2-3 year olds

A special place for your child's first steps in education

A *welcome* note from the Principal

Our aim at Solebay Primary Academy is to create an environment where children make excellent progress as independent, robust learners.

Our goal, over time, is to support all pupils to become well-rounded individuals equipped with the skills they need to build healthy relationships and make good choices now and in the future. We aim to achieve this by promoting positive mental health and wellbeing for pupils and staff across our school.

We are specifically committed to ensuring that children with additional needs can flourish within Solebay Primary Academy, whether in our mainstream provision or with specially trained support staff providing 1:1 small group support.

Why **Solebay Primary Academy Nursey?**

Our Nursery, rated Outstanding by Ofsted, is a warm, caring place where your child can grow and learn. We provide high quality day care, ensuring all children have the best possible start in life. Every child is valued and supported to reach their full potential.

We aim to promote healthy independence, self-assessment of limited risk and continuous indoor play at Solebay. The Nursery environment is

designed specifically for preschool age children, with different creative areas for roleplay, art, music and lots more fun too.

Experienced staff encourage children's development through play, and provide a wide range of exciting and stimulating activities. We work hard to build strong links between home and nursery so we're able to support children and their families effectively.

When **can your child join our Nursery?**

We provide places for children aged between 2-3, and they can join us as soon as they've had their second birthday, there's no need to wait until the next term.
